

# MELBOURNE SUBURBAN TRAINS

Operator: Metro Trains Melbourne

## VM1 MELBOURNE CITY CIRCLE

Ag12

BG. Electric Multiple Units.

Flinders Street-Southern Cross is six tracks on viaduct with views of the city and river.

The remainder of the City Circle is underground. It comprises four independent lines:

one for the Caulfield group of lines, one for the Burnley group, one for the Clifton Hill group, and one for the Northern/Western group.

On Mondays to Fridays, from the first train until midday, Caulfield & Burnley group trains operate anti-clockwise around the Loop.

From midday until the last train, these trains operate clockwise around the loop.

Northern/Western group trains operate in the opposite directions.

Clifton Hill group trains operate clockwise at all times on weekdays, counter-clockwise on weekends.

On weekends, Burnley group trains operate clockwise, Caulfield & Northern/Western trains operate clockwise.

Flagstaff station is closed on Saturdays and Sundays.

The Loop is integrated with the rest of the suburban network and most Melbourne suburban trains operate around the Loop.

Werribee/Williamstown line trains on Mon-Fri. operate direct to Flinders St, not via the Loop.

Frankston line trains on Mon-Fri. operate direct to Finders St, not via the Loop.

Glen Waverley morning peak trains do not operate via the Loop.

Sandringham line trains on Mon-Fri operate direct to Flinders St, not via the Loop.

On Saturdays and Sundays, however, most Frankston, Werribee and Sandringham trains operate around the Loop.

	<i>Km.</i>	<i>Ht</i>	<i>Open</i>	<b>Summary</b>
FLINDERS STREET	0	5		
SOUTHERN CROSS	1.2	9	1891	Frequent at all times
Flagstaff	2.4	8		(except very early morning).
Melbourne Central	3.0	2		
Parliament	4.1	7
